The Company

#1 in Italian Spa Equipment

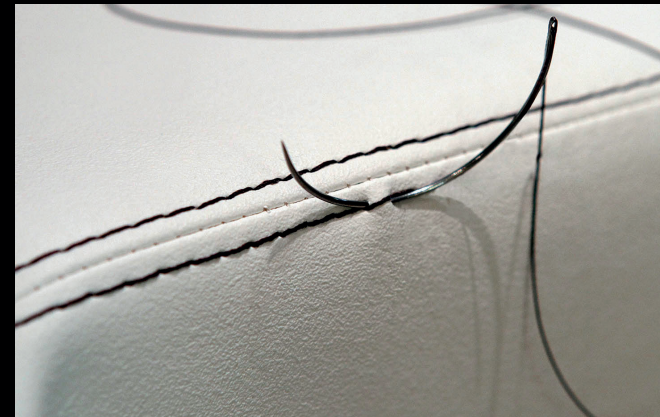

LEMI has been manufacturing treatment tables, chairs and multi-function cabins for the Beauty & Spa sector since 1989.

Thanks to its intensive research and development, as well as its continuous pursuit of new industrial paradigms, the company has now come to be recognized as one of the major players on the international scene. The company is renowned for its exceptional design, research, technology, quality, functionality, and meticulous finishing. With unmistakable Italian craftsmanship, these fundamental principles have resulted in the development of numerous products bearing the LEMI brand name worldwide.

VALUES

LEMI's values include manufacturing products in full compliance with its customers' expectations. It does this by guaranteeing maximum precision in the construction of each piece, as well as by ensuring continuous improvements, even with well-consolidated products.

Thanks to its partnerships with numerous industry experts, the company is constantly welcoming new ideas, transforming them into innovative tools. But LEMI's greatest assets lie in its staff, with all their experience, talent and passion.

The Company

SELECTION

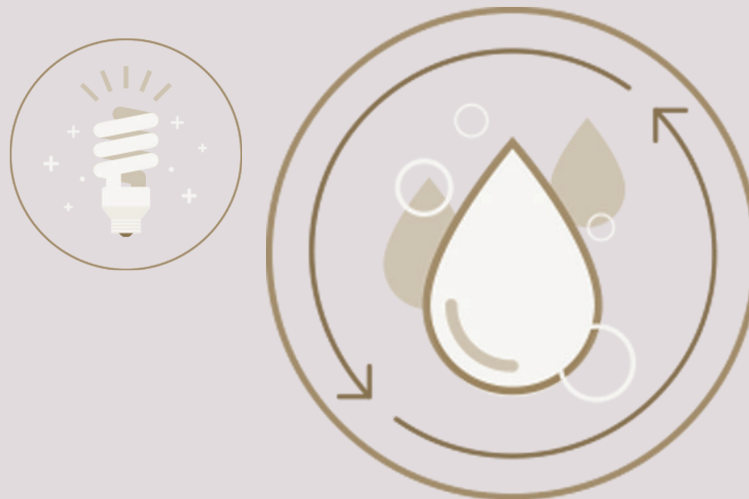

The added values of excellent craftsmanship, maximum attention to detail, exceptional product quality, and comprehensive service. For LEMI, these are just some of the basic requirements. They are the result of a winning strategy that's based upon the company's complete independence, the efficiency of an advanced R&D department, and the decision not to outsource the production processes.

From conception to design, prototyping and packaging, the product's entire life cycle is managed internally, with each individual part being evaluated according to strict inspection criteria.

SERVICES

Personal wellness is a serious issue. That's why LEMI provides its distributors and its entire sales network with technical training to properly use equipment. Much emphasis is placed upon post-sales service, which LEMI sees as an essential part of the relation with clients.

All LEMI products come with an extended long warranty and, just in case, the company guarantees prompt intervention. Because as manufacturers, we understand the importance of preventing "downtime" and maintaining high quality standards.

The Company

CERTIFICATIONS

LEMI products quality is certified according to the ISO 9001 standard, with certificate number 50 100 100 75 issued by TUV Italy.

Furthermore, as an exclusive guarantee of its products' authenticity, LEMI even obtained the prestigious "100% Made in Italy" certification in 2010. This certification requires the company to undergo a series of inspections, in order to certify that its production cycle is entirely performed in Italy. All LEMI products come with a warranty certificate bearing a holographic, anti-counterfeit logo and sequential number, which allows the product to be tracked via a dedicated website. For our customers, this is a certified guarantee of superior quality. For LEMI, it's a calling.

SUSTAINABILITY

LEMI has been pursuing its environmental sustainability goals for a number of years. In addition to outfitting its production facility with photovoltaic panels and LED lighting systems, these goals also include the creation of a value scale that's not exclusively based on economic criteria. This means selecting new suppliers, adapting the equipment and evaluating new materials.

Today, 70% of the company's wooden equipment and treatment tables are manufactured using FSC certified lumber from unprotected forests. The mattress covers, which are free of synthetic dyes and toxic materials, are furnished by suppliers that have committed themselves to sustainable development, guaranteeing full compliance with the best environmental protection practices.

The Company

LEMI IN NUMBERS · 1989/2022

130+ DISTRIBUTORS

Lemi ensures a full warranty of 2 years on all the electric parts of the product.

Lemi ensures a full warranty of 5 years on scratch-proof foam of the mattress.

Lemi ensures a full warranty of 5 years on scratch-proof foam of the mattress.

LIFETIME ASSISTANCE

Lemi ensures the exclusive Lifetime Assistance Service, by which anyone purchasing a Lemi product will be sure of getting Lemi assistance for the whole life of the product.

With the Lifetime Assistance we ensure to the client the availability of spare parts, the resolution of any possible problem and the exclusive support of our qualified staff for the whole life of the product.

Why choose Lemi

100% MADE IN ITALY

Furthermore, as an exclusive guarantee of its products' authenticity, LEMI even obtained the prestigious "100% Made in Italy" certification in 2010. This certification requires the company to subject itself to a thorough series of inspections, in order to certify that its production cycle is entirely performed in Italy.

All LEMI products come with a warranty certificate bearing a holographic, anti-counterfeit logo and sequential number, which allows the product to be traced via a dedicated website. For our customers, this is a certified guarantee of superior quality. For LEMI, it's a calling.

ISO 9001

LEMI's product quality is certified according to the ISO 9001 standard, with certificate number 50 100 100 75 issued by TÜV Italy.

It is the internationally recognized Quality Management Standard of any organization that intends to answer simultaneously to:

- *The need for increased efficacy and efficiency of internal processes.*
- *The growing competition in markets through improved customer satisfaction and loyalty.*

Why choose Lemi

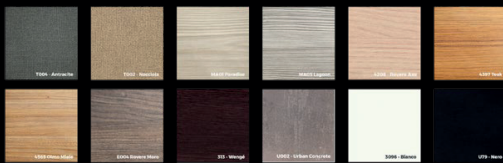

M A T T R E S S C U S T O M I Z A T I O N

All of the padded models are hand-finished by LEMI's upholstery department.

To make the product even more distinctive, the client's logo can be added. An incredibly elastic texture enhances memory foam mattress softness and quality at its best, giving Spa Clients a complete and satisfying wellness experience.

B A S E C U S T O M I Z A T I O N

Lemi offers a wide range of finishes using high quality materials with low environmental impact. Mixing different materials, Lemi seeks solutions with a high-level design and elegance. To make the product even more distinctive, the client logo can be added.

A C C E S S O R I E S

Lemi offers a wide range of accessories on request that can be integrated into the Beauty line. We find for example the MULTISENSORY KIT, with Aromatherapy, Chromotherapy and Sound Bluetooth, but also accessories such as EasyMove, to easily move the bed. All this makes it possible to make the customer experience more complete and to use the professional more easily.

Products

SPA TABLES: EVO

All EVO spa tables and beauty couches are equipped with a special mattress based on the HBS – Head Back Shoulder technology. The innovative HBS stress relief system can balance the pressure over the head, back, shoulders, legs, and arms. With this spa bed, you can always lower the armrests and adjust the headrest so that the whole body can be handled without any risk of sprain and contracture.

PORTOFINO EVO

- Cabinet base with wooden drawer
